### BIOLOGICAL RESOURCES

*Litvinenko L.I., Boyko E.G., Kutsanov K.V., Gerasimov A.G., Razova L.F.,  
Pobedintseva M.A., Litvinenko A.I.*

On matters of identification of the population of *Artemia*  
in waters of Russia by cysts..... 4

*Lukin A.A., Nikitina T.V., Lukina Y.N.*

State of pikeperch (*Sander lucioperca* L.) population in lake Ilmen  
in the context of intensive commercial fishing..... 26

*Sokolov A.V., Peterfeld V.A., Vasilyev D.A.*

Assessment of current state of Baikal omul (*Coregonus migratorius*)  
using analytical methods ..... 35

*Kamelov A.K., Moryzi I.V., Popov N.N.*

Downstream migration of young fish and efficiency of natural reproduction  
of the sturgeon (Acipenseridae) in the Ural river ..... 46

*Babkin A.M., Babkina I.B., Interesova E.A.*

Size and age structure and catches of *Coregonus peled* in the Middle Ob  
(within Tomsk region) ..... 55

### FISHERIES AND AQUACULTURE

*Vizer A.M., Vizer L.S., Egorov E.V., Tsapenkov A.V.*

Specific features of nutrition and growth of peled (*Coregonus peled*)  
in large lakes of Omsk region..... 64

*Semenchenko S.M., Sergienko L.L., Smeshlivaya N.V.*

Assessment and assurance of oxygen needs of Coregonidae spawn  
in commercial environment..... 72

*Sergienko L.L., Semenchenko S.M., Smeshlivaya N.V.*

Tobolsk regional fish hatchery — at the leading edge of Russian whitefish breeding (dedi-  
cated to 60<sup>th</sup> anniversary)..... 85

### ECOLOGY

*Kukin M.S., Yukhimenko L.N., Tokareva S.B., A.A. Druzhinina*

Comparative analysis of microbiocenosis composition of predatory and non-predatory  
fish in natural water reservoirs of the Central European zone of Russia..... 93

### PARASITOLOGY

*Apsolikhova O.D., Burmistrov E.V., Odnokurtsev V.A.*

Contamination of *Coregonus sardinella* with *Diphyllbothrium* Cobbold, 1858, cestoda  
in rivers of Yakutia ..... 99

Rules for authors of Bulletin of Fisheries Science..... 106
